

ShabadOS Editor Sign Up Instructions

1. Visit <http://login.khalis.net/>
2. If you don't have a Khalis Network login, Click "Need an Account?"
3. Once you have signed up, send an email to bod@khalisfoundation.org with the subject: "New ShabadOS Editor"
4. In the body of the email include:
 - a. Your Name
 - b. Location
 - c. Who referred you
 - d. Username you signed up with
 - e. Email address you signed up with
5. Once approved, you will receive an email with the link to login to the ShabadOS Backend.

Using ShabadOS Backend

1. Login to the ShabadOS Control Panel
2. Once you login, you will see the moderation queue. These are changes that must be approved or denied.
3. Click one. You can provide feedback, a downvote (-1) or an upvote (+1) to approve.
 - a. Once 2 upvotes are achieved, the change can be merged and a merge button will appear.
 - b. Click merge and you can automatically update the database and it will be sent to all sites and apps that use ShabadOS.

Making changes

1. Find a shabad on www.sikhithemax.org.
2. Once you are viewing the shabad, copy the URL and then paste it into the ShabadOS search bar.
3. You can now make changes to the data. Keep in mind a single line can only be in the queue once. To change it again, the first change must be merged first. Click "Submit Changes"
4. The change now appears in the queue.
